INSURANCE

All vehicles **MUST** be covered by a public liability and property damage liability insurance policy. The amount of this coverage must meet or exceed the insurance requirement of the state in which the vehicle is licensed. (It is recommended, however, that coverage limits are at least \$50,000/\$100,000/\$50,000 or \$100,000 combined single limit.) Any vehicle carrying ten (10) or more passengers is *required* to have limits of \$100,000/\$300,000/\$100,000 or \$500,000 combined single limit. In the case of rented vehicles the requirement of coverage limits can be met by combining the limits of personal coverage carried by the driver with coverage carried by the owner of the rented vehicle. All vehicles used in travel outside the United States must carry a public liability and property damage liability insurance policy that complies with or exceeds the requirements of that country.

California Vehicle Code:

16020. (a) All drivers and all owners of a motor vehicle shall at all times be able to establish financial responsibility pursuant to Section 16021, and shall at all times carry in the vehicle evidence of the form of financial responsibility in effect for the vehicle.

(b) "Evidence of financial responsibility" means any of the following:

(1) A form issued by an insurance company or charitable risk pool, as specified by the department pursuant to Section 4000.37.

(2) If the owner is a self-insurer, as provided in Section 16052 or a depositor, as provided in Section 16054.2, the certificate of self-insurance or the assignment of deposit letter issued by the department.

(3) An insurance covering note or binder pursuant to Section 382 or 382.5 of the Insurance Code.

Electronic proof of insurance is sufficient and meets California law.
